If you desire a radical return to Jesus and His way of doing ministry, then you want Jesus-Focused Youth Ministry!

The Jesus-Focused Youth Ministry strategy, training and resources produce life-change and equip life-changers through you. Your younger generation leaders—pastor, youth leader, volunteers, parents and students—gather around a common vision of Jesus and His ministry to discover how to:

- Go deeper in intimacy with Christ
- Pray with passion for God’s presence and power
- Build leaders for in-depth and long-term ministry
- Disciple students to move toward maturity in Christ
- Penetrate the culture through relationships

Create outreach opportunities to reach students for Christ

Often younger generation ministries operate from the **outside in**. Jesus-Focused Youth Ministry functions from the **inside out**, flowing from the core of Jesus’ life, message and ministry. This serious shift redirects your vision, re-aligns your priorities and provides you with the practical tools to pursue God’s unique vision for your ministry. Experience this fresh approach with your church and become powerful agents of change with the younger generation!

REfocus your life and ministry at a Jesus-Focused Youth Ministry Forum! Distraction? Stress? Conflict? Discouragement? Burnout? Apathetic kids? Disinterested parents? Inexperienced Leaders? Unfocused strategy?

At the Jesus-Focused Youth Ministry Forum, your younger generation ministry team—pastor, youth pastor, children’s leaders, volunteers, parents and student leaders—REfocus on Jesus’ simple, life-changing approach. Discover your personal and ministry plan to put that into action.

During the Forum your team breaks into small groups, interacts creatively, reflects prayerfully and applies the Jesus-Focused elements practically.

After the Forum you will implement your unique “Plan of Action” in your church, in your life, and in your community and then see the younger generation become fruit-bearing disciples of Jesus.
